

Local Governing Body 2023/24

Each school within our Trust has a group of dedicated Local Governors who form the Local Governing Body. They include representatives of our parents, staff and local community and have oversight of all strategic aspects, challenging and supporting the Head Teacher on how resources are used and for the maintenance and improvement of educational standards.

Each Governor has oversight of a particular area of school development linked to the School Development Plan. This alters year on year as the school priorities develop. The Headteacher, Mr Hemmings, is a member of the Governing Body and has whole school responsibility.
