

Lake Monster

Amazing Fact

Over 50% of all the natural lakes in the world are found in Canada.

Challenge

Many stories often have a monster or creature living in a lake.

Create a lake creature that lurks under the water. Use exciting words to describe it.

Think about:

- how it looks;
- how it moves;
- what it eats;
- what it does.

You could also try to find out:

- which is the biggest lake in the world;
- which is the deepest lake in the world;
- if there are any countries without any lakes;
- what sort of creatures really live in lakes.
