

## **Blended Learning Offer**

My name is Nicola Moss and I work on the secondary site, teaching Emerald Class. I have just taken on the role of 'Learning Continuity Leader' as part of the leadership team and will be overseeing the school's supported home learning offer.

Although your child has some sessions in school, they will also be given a weekly timetable of activities for home learning for the days they are at home. This will include opportunities to join with peers in virtual assemblies and group sessions, as well as videos and resources. The activities are designed to be fun and engaging, and will complement their in-school learning and their own Personalised Learning Goals. Your teaching team will send out the timetable each week.

If you have any queries about this, please feel free to email or call school.

We understand how hard this situation is for you all and I would like to reassure you that New Siblands is still here for you and your child, whether they are on site or at home.

Nicola Moss

Learning Continuity Leader
